Omni One Badge

International Standard Digital Badge Platform

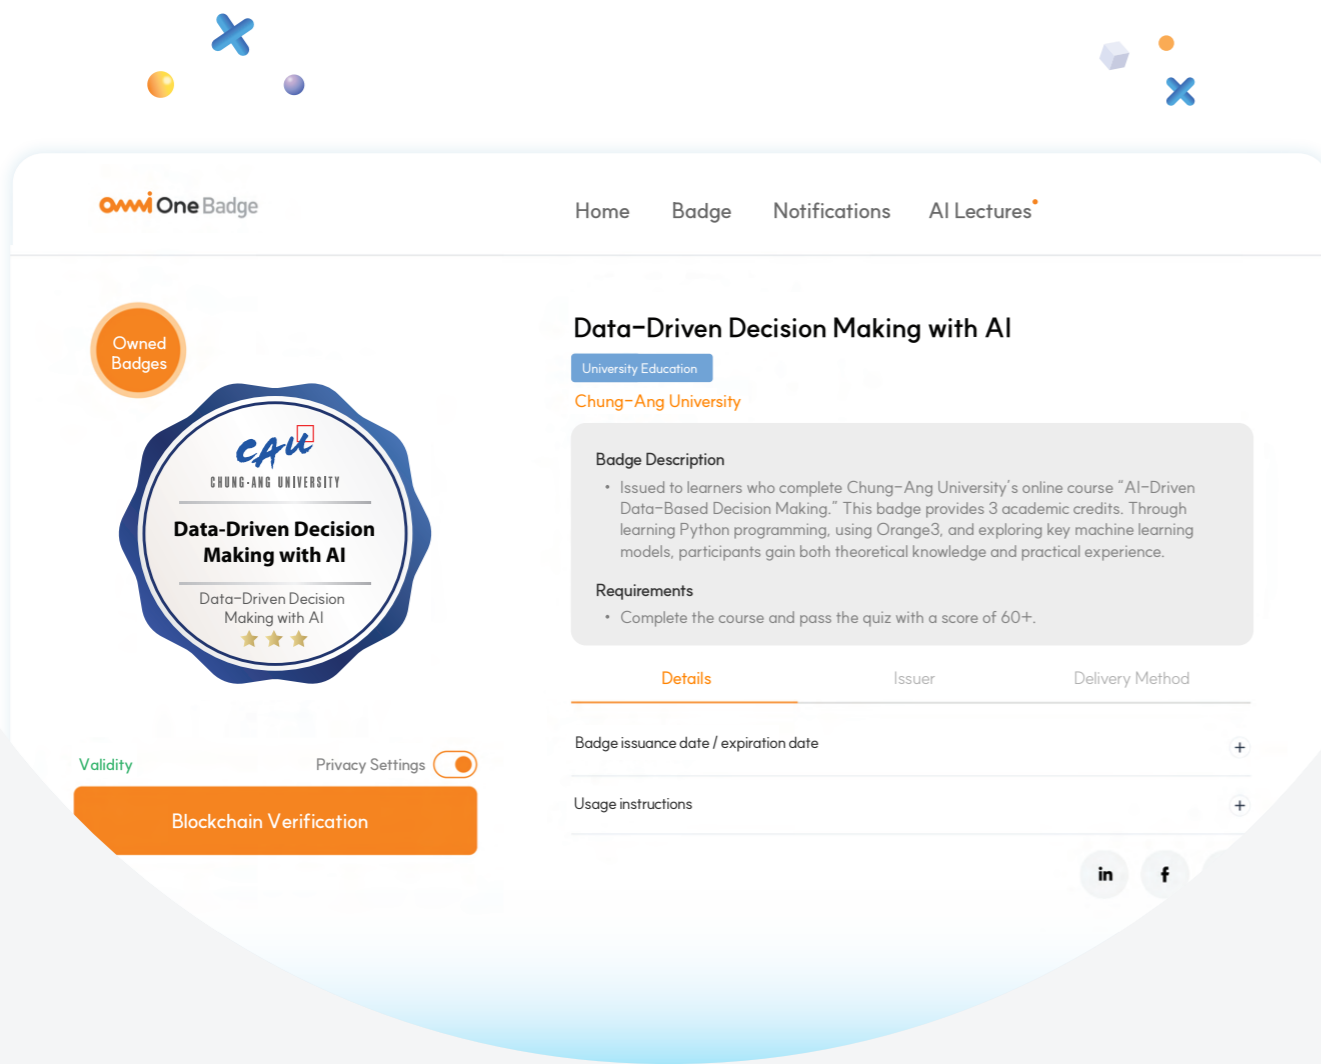

Digital badges that visually certify and reward activities and achievements

Platform Overview

An international standard digital badge platform that visually certifies and rewards activities and achievements.

OmniOne Badge issues verifiable digital badges for diverse experiences such as learning, skills, and competencies. Powered by trusted blockchain technology, it ensures authenticity and prevents forgery or tampering.

Key Features

Badge Creation	Recipient Registration & Issuance	Issuance Management
Easily create various badges such as education, qualifications, and activity records through the admin page.	Conveniently register recipients by uploading Excel files or integrating with institutional systems, and issue digital badges.	Monitor issuance status and receipt confirmation from the admin page, and efficiently manage re-issuance and issuance history.

Key Advantages

Easy and Fast Adoption
Deploy instantly without separate system construction, **reducing initial costs and implementation time.**

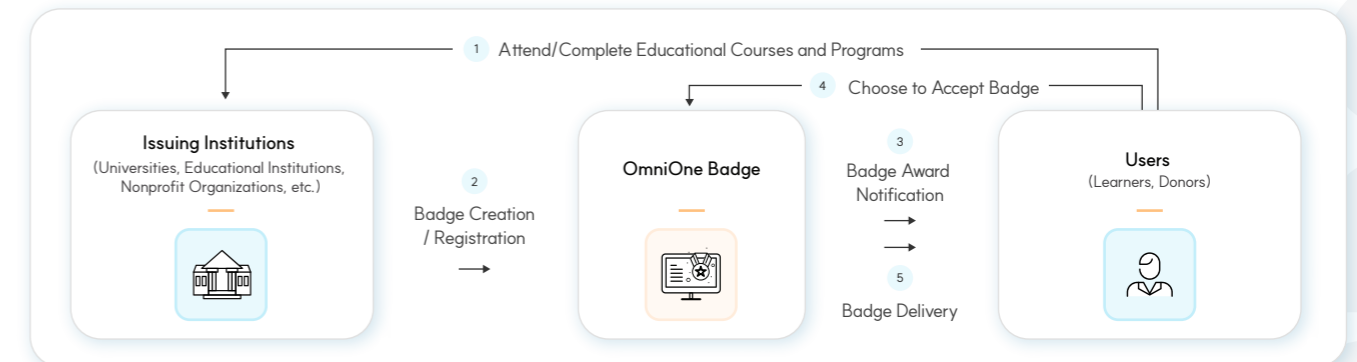

Flexible API Integration
Provides a standard API that seamlessly integrates with existing systems, such as **Learning Management Systems (LMS), enabling automatic recipient registration and issuance management.**

Compliance with Global Standards
Follows 1EdTech international standards to ensure compatibility, reliability, and trusted verification.

Service Architecture

Benefits

Users

- Own badges that visually represent skills, knowledge, and experience
- Share and display badges on online portfolios and job application platforms
- Enhance sense of belonging and satisfaction
- Interoperability with other badge wallets through international standards

✓ Motivation
✓ Credential Verification
✓ Digital Career Management

Issuers

- Save time and costs compared to paper-based issuance
- Provide recipients with a stronger sense of belonging and motivation
- Send updates to users (e.g., new badges, expiration, or revocation notices)
- Retain control and management even after badge issuance

✓ Official Recognition
✓ Operational Efficiency
✓ Marketing Tool
