OmniOne NFT

The First Utility NFT Marketplace in Korea

A new experience where Gold, Art, and NFTs come together.

Now, it's time to own gold as an NFT!

SERVICE INTRODUCTION

"The New Value of Blockchain, A Better NFT Experience"

OmniOne NFT is Korea's first Utility NFT Marketplace.

What is a Utility NFT?

A Utility NFT goes beyond mere ownership—it holds practical value in real life, much like a certificate or guarantee for tangible assets. These NFTs can represent gold, luxury goods, memberships, concert tickets, diplomas, and more, offering limitless possibilities for real-world applications.

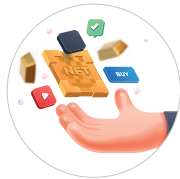

SERVICE ADVANTAGES

01

KOMSCO × omniOneNFT

Own Pure Gold Guaranteed by KOMSCO in NFT Form!

Gold NFTs are utility NFTs that hold real asset value and can be exchanged for physical gold. These NFTs, issued using OmniOne blockchain technology, can be redeemed for physical gold certified by KOMSCO (Korea Minting and Security Printing Corporation), the only officially recognized quality certification body for the KRX Gold Market in Korea.

Now, securely trade and own gold, the ultimate safe-haven asset, in an immutable NFT format, ensuring both convenience and authenticity!
